Wild Fire

By: Adam Nguyen

Grade: 5

School: St. Francis Xavier

Red, orange, yellow as it grows spiraling in flame. Growing minute by minute spreading rapidly through the forest.

Wild fire.

Burning, raging, crazily all around.

Igniting trees and plants burning the land.

Wild fire.

Fire, bursting from the hellish flames.

A waiting inferno.

Wild fire.

The fiery flame red like lava as big as a building but as hot as the sun.

Wild fire.
