RECOMMENDED

Brushes

Brushes are funny, they are numbered, but some brands use numbers for big that others use for small, so I would say to describe it like this:

- One brush that is synthetic that is about 1/2" - 1" wide, can be a flat or a filbert style
- One (synthetic) that is about 1/4" wide, either flat or filbert
- One (synthetic) small brush that is round

This would be the minimum. Two or three of the same size is fine and helpful.

Sometimes Joann Fabrics sells a set by Royal Langnickel called Big Kids Choice and that is nice and not very expensive.

Other

- Pad of palette paper or a Masterson Sta-wet Palette with the Acrylic Paper Refills, or a large plastic tray of some sort.
 - Paper Towels
 - Metal palette/mixing knife
 - Water container- holds 2-2.5 quarts of water
 - Bring an apron or paint shirt (or wear old clothes)
 - Bring multiple photos of subjects you would like to explore
 - Water Spritzer
-

OPTIONAL

- Acrylic Gel Medium or Acrylic Retarder
